Evarts A. Graham Memorial Traveling Fellowship, 2007-2008

The Evarts A. Graham Memorial Traveling Fellowship was established in 1951 by The American Association for Thoracic Surgery. Administered through the Graham Education and Research Foundation, Fellowship grants support study by young cardiothoracic surgeons from outside North America at sites of their choice within North America and include travel between sites. Goals of the program are to broaden overall training and increase international contacts. Each Fellow should plan to have one primary center for his/her activities where he/she should spend six to nine months. The Fellow should have identified an individual at that center who will act as his/her sponsor and assist in planning the course of study at the host institution and at other institutions. In addition to the primary center, the Fellow is encouraged to plan to spend shorter periods of time at other secondary centers to enhance the Fellowship experience.
